

Browsing and Buying on UpGarage Guide

[CLICK HERE TO OPEN THE UPGARAGE WEBPAGE](#)

Browsing UpGarage is a lot easier than Yahoo Auctions as there is pictures in their category listings. You can also browse by car brand and model, whereas Yahoo only allows by brand.

Browsing by brand / model

To choose a car manufacturer, use the top set of icons under the heading "Search by Model".

Clicking on the brand brings you to the page to select the type of model you want to search for.

Once you're at the above screen, you can see all the items in that category, and use filters/searches on the left to narrow the list down to what you're looking for. Each item has a price (tax included), and a listing of what store it is at.

Purchasing

If you like the item you find, submit a purchase request using our contact form. Once we have secured payment from you, we will contact UpGarage and order the item.

Tip: If you'd like to cut down on shipping fees, choose stores in Osaka (where our yard is located), or stores on the mainland. For example, we purchased a stabilizer bar from an UpGarage location in mainland Japan and shipping was just under \$25. Avoiding Okinawa and Hokkaido should save you some money.
